ATPCO enables airlines and 3rd parties to code fares, rules and taxes, etc., directly into their databases. The data can then be released globally in all existing GDSs (a single filing for all systems). In 1998, Airfair became a certified ATPCO partner and has been entering fare data for airlines and resellers into ATPCO's database ever since.

ATPCO fare filing involves loading fares into an ATPCO database so that they can be distributed in all GDSs worldwide. ATPCO allows Airlines and 3rd parties to code fares, rules, taxes, and routing directly into its database. Lack of proper knowledge on fare loading solution and rule interpretation affects the revenue of many travel companies.
