Trust me you will be disappointed. In my opinion the smallest engine you should put in your E30 is a 2.8L M52. The simplest and probably most economical engine to swap in is a 3.0L S50 engine out of a 95 M3 primarily because it already comes with most of the OBD I hardware you will need for the swap.

This BMW 3 Series, 1 Series and Z4 electric power steering rack motor is a very common fault for the 2006 - 2016 build range. Complete and sudden loss of power assisted steering, caused by failure of this unit, will cause the steering to become incredibly heavy at low speeds making manoeuvrability very difficult especially when trying to park.
