The Brand Gap

In The Brand Gap, Marty Neumeier takes a clear shot at defining this often misunderstood marketing principle and nails his target. The result is an easy-to-read overview of what a brand is and how you can get one. Neumeier starts by defining what a brand is not - it isn't a logo.

The Brand Gap by Marty Neumeier - Goodreads

THE BRAND GAP is the first book to present a unified theory of brand-building. Whereas most books on branding are weighted toward either a strategic or creative approach, this book shows how both ways of thinking can unite to produce a “charismatic brand”—a brand that customers feel is essential to their lives.

The Brand Gap: Revised Edition: How to Bridge the Distance ...

How a brand should fit its space is determined by the brand community. It takes a village to build a brand. By asking left-brainers and right-brainers to work as a team, your bridge the gap between logic and magic.

The Brand Gap - LinkedIn SlideShare

Gap was founded in 1969 with a simple idea — make it easier to find a pair of jeans that fit with a commitment to do more. In the 50+ years since, the company has grown into seven brands, and our initial commitment to do more has grown into a global ambition to champion equality, inclusivity and sustainability.

In solid-state physics, a band gap, also called an energy gap, is an energy range in a solid where no electronic states can exist. In graphs of the electronic band structure of solids, the band gap generally refers to the energy difference (in electron volts) between the top of the valence band and the bottom of the conduction band in insulators and semiconductors.
