ManyBooks is one of the best resources on the web for free books in a variety of download formats. There are hundreds of books available here, in all sorts of interesting genres, and all of them are completely free. One of the best features of this site is that not all of the books listed here are classic or creative commons books. ManyBooks is in transition at the time of this writing. A beta test version of the site is available that features a serviceable search capability. Readers can also find books by browsing genres, popular selections, author, and editor's choice. Plus, ManyBooks has put together collections of books that are an interesting way to explore topics in a more organized way.

The Dimensions Of Colour By

Personality Dimensions® is the latest evolution in presenting Personality Temperament Theory. It builds on research conducted in Canada for over two decades, and the foundations established by the work of Carl Jung, David Keirsey, Linda Berens, as well as a history of Temperament that spans 25 centuries

Personality Dimensions

'leadership dimensions', each of which has its own page in this document. There is a brief description of what the dimension is about and why it is important, and a section that says 'what it is not' to provide further clarity. For each dimension, leadership behaviours are shown on a four-part scale which ranges from 'essential'

width or depth, as shown in the accompanying diagram). In its centre is a white square the width of the Flag, with a single red maple leaf in the centre. Flagpoles

Description of the National Flag of Canada - Canada.ca

In the study of color vision, a MacAdam ellipse is a region on a chromaticity diagram which contains all colors which are indistinguishable, to the average human eye, from the color at the center of the ellipse. The contour of the ellipse therefore represents the just-noticeable differences of chromaticity. Standard Deviation Color Matching in LED lighting uses deviations relative to MacAdam ...
