Description. A law school level coursebook on complex litigation and the adversary system. The book examines the four ways in which cases can be complex: joinder issues, pretrial issues, trial issues, and remedial issues. The book challenges the reader to consider whether the prevailing doctrines in these areas are consistent with modern adversarial theory, with the aspirations of our system of justice, and with a democratic system's constraints on judicial power.

in lower civil courts. In complex federal litigation, adversary norms have evolved, and the judicial role has been greatly enhanced to manage the unique pre - and post-trial needs of cases with numerous parties and high public impact. This Article argues for a parallel framework to enlarge the role of the judge in small, twoparty civil cases.
