With expanded coverage of networking and databases, feature entries on key topics, e.g. XML, and the addition of biographical entries, it is a comprehensive reference work encompassing all aspects of the subject.

Dictionary of Computing - Oxford Reference

Even so, Spanish vocabulary related to computers and the internet remains in a state of flux; some purists have objected to the direct import of English words. Because of this, for example, a computer mouse will sometimes be referred to simply as a "mouse" (pronounced as maus), but the word ratón is used as well. And some words are used in different ways by different people and publications ...
