" Lights Out is a timely warning about the vulnerability of America to a massive cyberattack that would cripple all we take for granted – electricity, communication, transportation. This is not science fiction. Hats off to Ted Koppel for putting us all on alert."

Lights Out: A Cyberattack, A Nation Unprepared, Surviving ...

Lights Out: A Cyber Attack, a Nation Unprepared, Surviving the Aftermath is a cautionary tale. Ted Koppel's intensely researched book presents a scenario that trumps dystopian novels about zombies and plague--because this threat is real. I've been pondering this review for over a week.

" Lights Out is a timely warning about the vulnerability of America to a massive cyberattack that would cripple all we take for granted – electricity, communication, transportation. This is not science fiction. Hats off to Ted Koppel for putting us all on alert."

Lights Out: A Cyberattack, A Nation Unprepared, Surviving ...

- LEON PANETTA, former U.S. Secretary of Defense " Lights Out illuminates one of the greatest vulnerabilities to our nation - a cyberattack on our power grid. It is a wake-up call for all of us. We are the nation that created the internet; we should be the first to secure it. This powerful book could be the catalyst for just such a change."

Lights Out : A Cyberattack, a Nation Unprepared, Surviving ...

Lights out tells it like it is. Ted Koppel does a great job educating us on the dangers of a cyber attack on the electric grid. He uses an academic approach to the story telling that does not over hype this threat, but pays close attention to the technical dangers. Good Book!
