NISSAN. XTERRA. ALL TRIM LEVELS. —. PAC's Bluetooth Steering Wheel Control (SWC) Retention Harness for Nissan Vehicles will bypass the factory Bluetooth hands-free module and reconnect the Bluetooth SWC wiring when replacing the factory radio and retaining steering wheel controls. This restores the signal path for all steering wheel controls, allowing the factory Bluetooth buttons to control the aftermarket radio's Bluetooth functions (SWC module required).

Bluetooth Steering Wheel Control Retention Harness - PAC
Ive have about 3 inches of steering wheel play in a 2001 nissan xterra 2wd and i was told by a mechanic that it may need new tie rods and a center link, so i replaced them, along with the idler arm and steering box and there is still play. The steering pump is fairly new and i don't know what...

steering | Nissan XTerra Forum
Original manufacturer is Light in the box.com. I have installed it in 2006 Altima. For steering wheel control, I have grounded blue wire which gave me trip function back, and connected two other wires to key1 and key 2 but , i was able to program only one steering wheel control option. either mod or vol or skip function.
