Michael J. Foote (born 1963) is a paleontologist and co-author, with Arnold I. Miller, of Principles of Paleontology (2006). He was awarded the Charles Schuchert Award of the Paleontological Society in 2000.

Michael Foote - Wikipedia

Foote and Miller have written a wonderful book which tries to explore as broadly as possible all the sort of wonderful analytical work people can do with paleontological data. As would be expected from both the authors, who are respected among paleobiologists for their analytical skill, this book describes the different techniques of paleontology cleanly and with clarity.
