The risk society has come about as a consequence of the dynamics of late modernity, including the development of technologies such as nuclear power.

Pollution, hazardous chemicals and wastes, and the threat of nuclear war are also examples of risks produced by late modern society.

**The Social Roots of
Risk by Tierney,
Kathleen (ebook)**

Rather than acts of God or random acts of nature, The Social Roots of Risk argues that hazards, disasters, and crises of all sorts are produced by the social order itself-that the routine activities of institutions, organizations, and groups invite risk into our lives and put us in harms way.
